

Legalization would boost U.S. economy, study says

Published on Fri, Jan 08, 2010

Legalizing the status of the roughly 12 million undocumented immigrants living in America would create jobs, increase wages and boost the sagging U.S. economy, according to a study released Thursday. The study by UCLA associate professor Raul Hinojosa-Ojeda found that citizenship and flexible limits on legal immigration would serve future labor demands and boost wages for native-born workers.
