Remembering the American Immigration Council when you travel with American Airlines will earn us rewards and benefits that we can use to support our work.

Simply enter the American Immigration Council's Business ExtrAA number (**815300**) in the proper field (see below) when booking your flight with American Airlines®, American Eagle®, and AmericanConnection.

And don't worry, you **will still earn your individual AAdvantage miles** (you enter that code in a separate field.)

Thank you for your support and safe travels!
