

VAUGHN INDEX – NON-RESPONSIVE RECORDS

Pursuant to the court's December 24, 2014 order, EOIR is releasing a subset of records previously marked as "non-responsive." Below is an index of all records previously marked as "non-responsive." Full releases are highlighted in yellow on the indices below, and partial releases are highlighted in blue.¹ To the extent that such records have been redacted pursuant to Exemption 6, EOIR has used the same category system that it used for the release of all records subject to this FOIA request, as detailed below. The categories of information redacted for now-released records that were previously marked as "non-responsive" record have been indicated on the indices.

The categories of information redacted pursuant to Exemption (b)(6) are:

Categories of Exemption (b)(6) Redacted Information

- (1) Immigration Judge Name/Signature
- (2) Pronouns referring to the Immigration Judge's gender
- (3) Immigration Judge Entry on Duty, Termination, Retirement dates, or Years of Service

¹ Records previously marked as "non-responsive" that are not subject to the court's order or otherwise released as a matter of discretion have not been highlighted. However, EOIR has released the records in the original redacted form to Plaintiff to demonstrate that those records have been reviewed to determine whether the court's order mandates release.

- (4) Immigration Judge Personal Telephone Number/Home Address/E-Mail Address
- (5) All Locations that may or tend to reveal an Immigration Judge's location (Court Locations, Cities, States and Addresses referenced regarding an alien, their relatives, alien attorneys, or DHS; names of schools or employers to the extent that they tend to reveal a location)
