A Celebration of Immigrants

June 14, 2024, Marriott Marquis, Chicago, IL

Who We Are

The American Immigration Council envisions a nation where immigrants are embraced, communities are enriched, and justice prevails for all.

We strive to create a society that values immigrants as vital contributors to our nation and where everyone is afforded an equal opportunity to thrive socially, economically, and culturally.

Who We Are

The American Immigration Council was founded in 1987 to focus on federal litigation – an organization founded by immigration lawyers, with a lawyer's theory of change.

Since that time, the Council has grown to employ the most powerful cross-section of specialties in the immigration field today and is uniquely situated to turn both government and society toward a more welcoming stance.

Our staff are the go-to experts in their fields, collaborating with each other and communities across the country to make meaningful change on our immigration system.

Watch What We Do

The Real Immigration "Problem"

THE SYSTEM IS BROKEN

Immigrants within existing legalization programs wait years to become documented while Congress remains gridlocked and states pass laws that criminalize immigrants and those who support them. Businesses face worker shortages due to severe visa backlogs.

IMMIGRANTS DON'T GET DUE PROCESS

Over 38,000 immigrants remain in ICE custody often facing life-threatening, abusive conditions and limited access to legal support. In 2023, more than 80% of people issued a removal order had no attorney to represent them.

IMMIGRANTS ARE DEHUMANIZED.

Debate over immigration is fundamentally a fight over who gets to belong. In a time of deep division, individuals and organizations use inflammatory rhetoric that dehumanizes immigrants and ignores the severe challenges they face.

Strong Networks with Government, Non-Profits, Activists, and Faith-Based Leaders
